

CG RERA and UDIN Directorate Collaborate for Real-Time Validation of UDINs

In a progressive step toward enhancing authenticity and digital governance in real estate compliance, the Chhattisgarh Real Estate Regulatory Authority (CG RERA) has signed a Memorandum of Understanding (MoU) with the UDIN Directorate. This collaboration enables **real-time validation of Unique Document Identification Numbers (UDINs)** generated by Chartered Accountants for RERA-related filings.

This initiative reinforces CG RERA's commitment to ensuring **document authenticity**, **reducing fraud**, and maintaining **system-integrated governance**. The automated UDIN validation feature will further streamline compliance procedures and bolster professional accountability in the real estate sector.
